

## We build 'em big!

Need something big for a big cooling job? TSM can do what others can't—design and custom build it—fast! We have four Heavy Duty plants along with 21 Branch locations throughout the U.S.

From the east coast to the west coast, and from the north to the south, TSM has you covered!

Our flat fin cores and Complete Industrial Radiators are designed by experienced engineers, and built to keep even the hottest, hardest-working equipment cool and running longer.

We also offer a coast-to-coast national warranty that no one else has.

For more information about how we can design and build a custom core or Complete Industrial Radiator for you, contact your local TSM Branch.
