

Introducing Custom Built Complete Industrial Radiators

Custom built, bolted complete industrial radiators Also available with electric drive motor assemblies

All-metal radiators with bolt-on tanks. Custom built to *YOUR* specifications. Quick turn-around time for non-turbo charged units.

- Our custom package includes standard flat fin or louvered core, satin black enamel paint and expedited turn-around.
- On request, we can provide electric motor drive assemblies, powder-coated steel frames, galvanized steel frames and solder-coated cores.

Note: Dimensions, drawings and illustrations are for reference purposes only. Thermal Solutions radiators are not OE parts, but are replacement parts for various manufacturers. Replacement radiator measurements may vary slightly for OE and other aftermarket manufacturers. Some units may require manufacturing samples or design prints.
